FARRINGTON HOLDS FLOOR

President of Illinois Miners Reported
to Have Taken Up Most of
Time This Morning

(By United Press.)

Indianapolis, Ind., Dec. 10.—After two hours of debate union chiefs of the coal miners adjourned for lunch shortly after noon today without reaching an agreement on President Wilson's proposal to end the coal strike. They were to reconvene at 1:30 o'clock this afternoon.

"We probably will reach an agreement today," Acting President Lewis of the United Mine Workers said as he left the meeting.

Indications were when the meeting broke up that the miners were not far from accepting the president's proposal.

However, there were many speeches and anyone who wished to talk was allowed to and no limitation was put upon their speeches.

Frank Farrington, president of the Illinois miners, held the floor for the large part of the morning session. Farrington is classed with the radicals who advocate further negotiations on the basis of the president's proposal.

Miners' chiefs huddled together in small groups on the thirteenth floor of the Odd Fellows building. The temperature was low because of the coal strike ruling and many wore their overcoats and smoked their pipes and cigars in order to keep warm.

If the meeting continues until after 4:30 p. m., the miners will have to walk down twelve flights of stairs to the main floor as the elevator service will be discontinued at that time.

The conference was in session from 2 to 6:30 p. m., Tuesday, at the Hotel Lincoln, adjourning until

SOUTHERN STATES HIT BY HIGH WATER

Four Dead, Many Homeless and
Thousands of Dollars Worth of
Damage Done by Floods.

TRAIN SERVICE IS CRIPPLED

(By United Press.)

Atlanta, Georgia, Dec. 10.—Four known dead, hundreds homeless and property damage running into thousands of dollars, was the toll today from floods in Georgia, Alabama and Mississippi.

Train service was crippled. Train service into Meridan, Mississippi, was reported almost at a standstill, while the southern railroad between Atlanta and Macon was annulling trains.

Police were dragging the Eutaw Creek for the bodies of two girls and two men drowned when their automobile in which they were riding broke through a bridge weakened by the flood.

Cities and villages near Rome, Ga., today reported that scores of families were driven from their homes by the floods.

The Red Cross was sending relief to the homeless today.

WHITE RIVER HOLDS RECORD

Temperature is 44 Degrees Below
Zero There This Morning

(By United Press.)

Chicago, Ill., Dec. 10.—Indications that the coal wave covering the mid-west is breaking were reported from Denver today. The mercury reached zero at several points farther east and they were shivering in the grip of a cold wind.

In White River, Ontario, it was 44 degrees below zero, it being the lowest temperature of the weather bureau record for the day. Montana and North Dakota divided honors on this side of the Canadian-United States line, with 28 degrees below.

this morning without having reached a decision.

The opinion was expressed by several of the leaders that the proposal would be approved today. Separate conferences of representatives of some of the states and districts were held Tuesday night to consider a course of action today. Frank Farrington, district president of Illinois, held a meeting of Illinois representatives at the English hotel.

While the majority at the general conference Tuesday afternoon appeared to favor approval of the president's proposal which John L. Lewis, acting president, and William Green, secretary-treasurer, recommended as a result of the conference at Washington last Saturday night, questions arose as to the method of carrying the proposed settlement into effect. It is reported that a motion to submit the settlement to a referendum vote of the local unions was voted down. Then came up a demand that the Cleveland convention, which was held in September, be reconvened to pass on the proposal.

The proposal of the President provides that the miners shall return to work immediately for a 14-per cent advance in wages on the conditions of work obtaining October 31, the day before the strike began, and that the President shall appoint a commission of three persons, including one miner and one operator, to consider further questions of wages and working conditions as well as profits of the operators and proper prices for coal, readjusting both wages and coal prices, if the commission, so decides. The effective date and duration of the new agreement would be decided by the commission, which would report if possible within sixty days.

The chief question that postponed action on the settlement proposal was whether the Cleveland convention which met last September should be reconvened to pass on it. Inasmuch as the Cleveland convention had instructed that a strike be called for November 1 in the event a satisfactory wage agreement were not

HOOSIER'S TRIAL STARTS

Capt. Carl Detzer Alleged to Have
Been Cruel to Soldiers.

(By United Press.)

New York, Dec. 10.—Revelation of alleged cruelty to military prisoners exceeding those brought out at the trial of Lieut. "Hard Boiled" Smith, were expected when the trial of Capt. Carl Detzer, 308 military police company, started at Governor's Island this afternoon.

Detzer was formerly sporting editor of a Fort Wayne newspaper. He was in charge of the military police at an evacuation camp and is alleged to have promoted much unjust treatment to prisoners.

John L. Nipp's Touring Car Hits
Truck at Street Corner Today.

John L. Nipp, local insurance agent, collided with a truck belonging to D. H. Stoops and son, while driving south in Main street, at the corner of Main and Third streets, early this morning. Mr. Nipp's light touring car hit the heavy truck a glancing blow just as the truck was coming out of West Third street and started to turn south in to Main. The lighter car was turned completely around in the street by the sudden impact and was badly damaged. One front wheel was broken and the front axle was bent. The truck was not damaged.

LESLIE M. SHAW LECTURES FRIDAY

Former Secretary of the United
States Treasury to Speak at
First Presbyterian Church.

FORMER GOVERNOR OF IOWA

Being Well Informed on National
Affairs, His Address is Expected
to be of Wide Interest.

Leslie M. Shaw will appear here Friday night at the First Presbyterian church, as the fourth attraction on the lyceum course, given this winter by the Rushville Ministerial association. Mr. Shaw is a noted lecturer and has been heard by many Rushville people in his different addresses.

Mr. Shaw is a statesman, banker, and lawyer. For four years he was governor of Iowa and later secretary of the treasury of the United States. He describes himself: "Retired, but not tired."

Mr. Shaw has a number of very interesting addresses, and it is not known here on what subject he will talk. Champ Clark speaks of Mr. Shaw as one of the most convincing politicians the country has ever produced, and is a very learned man on national affairs, being in a position to talk correctly on problems which confront the country today.

He is also blessed with a delicious sense of humor but he never employs it except to strengthen his arguments. He resents being called "witty" or "funny," but does not object to the term "humorous."

The local guarantors of the winter lyceum course feel that this is one of the best attractions, and it is an opportunity for the people of this vicinity to hear an address of such unusual interest. The lecture will start at eight o'clock Friday night.

CONSIDERS WRIT TO STAY DEPORTATION

Supreme Court Takes Under Advice-
ment Appeal of Alexander Burk-
man and Emma Goldman.

ANARCHISTS LAST CHANCE

Washington, Dec. 10.—Supreme court today took under advisement an application for a writ of error from the refusal of the United States federal court to delay deportation of Alexander Barkman and Emma Goldman.

Chief Justice White announced the decision before the temporary stay granted by the lower court expired at 4:30 p. m. tomorrow.

If the writ is refused the two anarchists will have exhausted final efforts to delay deportation through the writ of habeas corpus. If the court grants the writ, however, Federal Judge Mayor's refusal to grant the writ will be reviewed.

NATIONAL COMMITTEE MEETS.

Chicago is Admitted to be Favored in
Fight for Next Convention—St.
Louis Makes Fight

Washington, Dec. 10.—Detailed plans for "a campaign of efficiency" were made today by the Republican national committee which met here today.

The committee, Chairman Hayes announced, authorized appointment of a platform committee. Hayes also announced formation of a council consisting of twelve members of the national committee and twelve others, four of whom are to be women.

The purpose of the council would be to deliberate on matters touching on party welfare, the principal of which is to bring to the aid of the national committee the experience of strong party men.

Other boards to be appointed are an executive committee, committee on arrangements, organization, publicity and finance.

Washington, Dec. 10.—Although Chicago was admittedly a favorite for the 1920 convention city of the Republican party, choice of which was to be made this afternoon by the national committee, St. Louis made a determined fight and its adherents asserted it had a chance to win.

Privately the backers of the Missouri city admitted they had an uphill fight, but they claimed gains during the day from the Chicago supporters and expressed hope that in the end they would swing over a majority of the committee.

So confident were the proponents of Chicago that some of them predicted the claims of St. Louis never would be laid, formally before the committee. The suggestion got a prompt negation, however, from St. Louis partisans, who declared emphatically they would carry their fight to a final showdown.

Meantime discussion as to the date of the convention, which also will be fixed by the committee, centered about Tuesday, June 8. The custom of starting the convention on Wednesday, it was predicted by leaders, would be changed in order to provide a longer week and prevent the usual congestion of business on Saturday.

Selection of a time and place for the convention will conclude the formal business of the committee meeting, but most of the hundreds of party leaders who have come to Washington for the occasion are expected to stay for the session of state chairmen which convenes Thursday. Some of them will remain until the end of the week, continuing the discussion of political candidates and policies which has been proceeding in the numerous get-together sessions which featured the gathering here.

With the arrival yesterday of the last of those who are to attend the meeting conferences over presidential possibilities greatly multiplied until the claims of upward of a dozen potential candidates were being presented in the race for pre-convention advantages.

Particularly conspicuous were the friends of Maj. Gen. Leonard Wood

FORMER BUSINESS MAN DIES TODAY

Louis Neutzenhelzer, Age 68 Years,
Who Had Harness Store Here
For 35 Years, Expires.

WAS BORN IN CONNERSVILLE

After Apprenticeship in Anderson,
He Moved Here in 1880—Widow
and 4 Children Survive

Louis Neutzenhelzer, age sixty-eight years, who was associated with the business life of Rushville for 35 years, died at his home, 327 East Ninth street, of cardiac asthma, this morning about seven-thirty o'clock. He had been in poor health for the last few years and lately his condition was regarded as critical, but he was never confined to bed with the exception of a short period last fall.

Mr. Neutzenhelzer was born in Connerville September 15, 1851 and spent his boyhood there. He was the son of John Neutzenhelzer, a native of Germany, who for many years was a stone mason in Connerville. After completing his education in the Connerville schools, Mr. Neutzenhelzer left home and went to Anderson, Ind., where he began an apprenticeship in the harness trade. He came to this city in 1880, and went into business for himself.

Mr. Neutzenhelzer first opened a harness store in West Second street, and his business expanded from year to year until in 1895 he found it necessary to move his business to rooms with a sixty foot frontage, in East First street, where he continued in the buggy and harness business for twenty years.

Ernest Neutzenhelzer, his oldest son, who died seven years ago, was admitted to partnership in the business in 1895, and the firm became known as L. Neutzenhelzer and son. They made a specialty of manufacturing harness for driving and race horses and established a large trade outside the city. The firm also did a big business in buggies and carriages at a time when they were in great demand.

On December 15, 1874, Mr. Neutzenhelzer married Miss Ella Olliphant of Fayette county, and they would have celebrated their forty-fifth wedding anniversary next Monday. The widow and four of the five children born to Mr. and Mrs. Neutzenhelzer survive, as follows: Fred Neutzenhelzer of Indianapolis, and Mrs. Roy E. Harold, Mrs. Mary Doyle and Miss Frances Neutzenhelzer of this city.

In addition the deceased is survived

AT MORGAN STREET CROSSING

D. D. Powell, driving a Ford touring car, ran into a freight train about eleven o'clock this morning at the Morgan street crossing of the C. I. & W. railroad, and escaped without any serious injury, other than minor bruises and a few cuts, caused by the windshield breaking. It is said that the flagman was in the street and an I. & C. traction car standing also waiting for the crossing, and Mr. Powell drove his machine straight onto the track and hit the engine. The train was the local freight and was not going fast, and the accident was considered lucky by those who witnessed it. Mr. Powell evidently became confused, or forgot that the crossing was there.

THOUGHTS TURN TO CHRISTMAS TODAY

Previously acknowledged — \$23.00

Total ————— \$29.00

The air had a Christmas "feel" today with the weather hovering near zero, and with that indefinable "something" in the atmosphere, there is no doubt that many who have intended to add their contributions to the Daily Republican-Salvation Army Christmas fund, will be moved to do so at once.

Six dollars was added to the fund today, bringing the total up to \$29.00, but it hasn't hit the customary stride yet. The change in temperature, with its accompanying hardships that must be borne by the poor and unfortunate, is expected to turn thoughts to Christmas—and first in the list comes the fund to make the little folks and the worthy poor of the city happy at the one season of the year when there should be plenty of cheer in every home.

The Salvation Army kettle made its first appearance on the streets today and it soon began to rattle with the clanking of small silver pieces and the dull clink of silver dollars which were thrown in. The kettle is stationed at the Peoples National bank corner and is zealously guarded by a Salvation Army lassie who stands on duty all day.

Arrangements were completed today for the use of rooms in the court house in connection with the fund. Contributions of food of any character, second-hand clothing or toys in good conditions may be left in the sheriff's office on or after next Saturday. They may be deposited in the

COLD WAVE ARRIVES TRUE TO PREDICTION

Mercury Stood at 2 Degrees Above
Zero This Morning, County
Weather Observer Says.

COLD WEATHER TO CONTINUE

For the first time in weeks, the weather man kept his promise and dealt out the kind of weather that he had scheduled beforehand. Yesterday morning he stated that a cold wave was coming and that the temperature would drop to a very low point in the night. The government thermometer, according to Elwood Kirkwood, government weather observer for Rushville, registered 2 above zero this morning and in many places in Rushville the temperature was placed at zero.

The cold weather will continue for a few days more, according to the weather report, and the cold wave continued in force today, with the temperature not making much of a climb. The cold wave last night was preceded by a gust of wind, sleet and snow, and the high wind continued until early in the morning. The cold wave was not expected to cause a large amount of suffering in Rushville because the rule is here that most people put in a supply of coal for the winter, recalling the condition of 1917, when so many were without fuel during the period of low temperature. Coal could be bought of local dealers, but only in limited quantities.

HONOR BELONGS TO LOGANSPOUT

Mrs. Jessie Uhl of That City First to Buy Five Hundred Dollar Health Bond

XMAS SEALS CAMPAIGN ON

Health Bonds are in Denominations Begin with \$5 and The Sky is the Limit

Indianapolis, Ind., December, 7.—To a woman and to the city of Logansport as well as to the state of Indiana belongs the credit for the first purchase made of a Five hundred Dollar Health Bond, in the present Red Cross Christmas Seal Campaign. So far as is known this is the largest single Health Bond purchase made not only in Indiana, but in any state of the Nation. The purchaser is Mrs. Jessie Uhl, a well known woman of Logansport, who delights in doing all the good she can.

These Health Bonds are in denominations of from five dollars up to any amount the purchaser desires to contribute toward the fight being made against tuberculosis. It is more and more evident according to an announcement today by leaders in the campaign that the sale of these health bonds has a good chance to rival the usual sale of the popular little Red Cross Christmas Seals, and reports are that the purchase of more of the Five hundred Dollar health bonds may be expected.

From Fulton, Benton and Huntington and several other counties come reports of an exceptionally good showing, while in many parts of the state the campaign is just getting under way.

Over twenty five hundred men and women are actively engaged as County, City and Township Campaign Chairman and as Chairman of Special Committees, while hundreds of others are at work on these committees covering every part of the state.

DAN PECKENPAUGH DIES AT COLUMBUS

Former Rushville Man Expires at Home of His Daughter at the Age of 84 Years.

REMAINS TO BE SENT HERE.

Dan Peckinpaugh, a former Rushville resident, died yesterday afternoon at his home in Columbus at the age of 84 years. Mr. Peckinpaugh was well known here, and only in recent years moved to Columbus to make his home with his daughter, Mrs. Charley Jim. No details were received here as to the nature of his death, and it is presumed that he died suddenly, as friends here last week heard from him, and he was in good health.

The remains will be shipped to this city for burial, and will arrive tonight on the Pennsylvania train, and taken to the mortuary chapel at Fred A. Caldwell's store, where services will be held tomorrow afternoon, with interment in East Hill cemetery. Besides the daughter at Columbus, he is also survived by three other daughters, Mrs. Lillie Britton, Mrs. Maggie Britton and Mrs. Kate Hudgins, all of Anderson. For a number of years, the deceased was a shoe maker by trade and while here was employed at the John Sparks shoe shop.

TO REPRESENT WABASH AT BIG CONVENTION

M. E. Maupin of This City One of Three College Delegates to International Meeting

STUDENT VOLUNTEER BODY

M. E. Maupin, son of Mrs. Glen Miller of this city, has been chosen as a student delegate at Wabash college, Crawfordsville, Ind., where he attends school, to the eighth international convention of the Student Volunteer Movement, which will be held at Des Moines, Ia., December 31 to January 4, 1920.

The selection of the delegates was in the hands of the Y. M. C. A. and a campaign will be made among the students of Wabash college to raise enough money to defray the expenses of the three men who will go to the convention as delegates.

These conventions, which are for the purpose of furthering interest in Christian work among college students, are held once every four years. The first took place in Cleveland, Ohio, in 1891. The one to be held in Des Moines should have taken place in 1918, but had to be postponed on account of the war. The attendance at these meetings has steadily increased. At the last one there were 3,031 delegates. At least 7,000 are expected at Des Moines. Delegates from all over the United States and Canada will attend and in addition there will be representations of at least twenty other nationalities.

INDIANAPOLIS CUTS OUT GERMAN MUSIC

City Schools Take Out Songs and Records Containing Hun Operas and Hymns

AMERICAN LEGION ACTION.

Indianapolis, Ind., Dec. 10.—German music will not be tolerated in Indianapolis schools.

It was learned after a post of the American legion reported phonograph records containing "Die Wacht Am Rhein" and "God Save the Emperor" were sent to Indianapolis schools. In explaining the matter, Edward B. Birge, director of music, said these songs were a part of a record containing a medley of national songs of many nations. The record was removed as soon as it was discovered that the Austrian and German hymns were included, he said.

The ban was a direct result of the stand taken against singing of German opera and songs in America by the Minneapolis convention of the American legion.

MUSICAL EDUCATION FOR DISABLED "VETS"

Many Former Soldiers Taking Advantage of Vocational Training Desire to Take up Music

MANY ARE UNREASONABLE

Many of the disabled veterans who applied to the Federal Board for Vocational Education for re-training express a desire to be given a musical education.

If the applicant has had any previous experience, either instrumental or vocal, and has sufficient education to continue, an expert is called in who gives his opinion. If the expert's report is favorable the veteran gets his opportunity.

Some of the men who have already been granted this training have made some requests of the board which, if complied with, would soon bring financial ruin to the government. One veteran requested that he be furnished with a harp costing twelve hundred dollars; another wanted a grand piano costing fourteen hundred dollars; a future Mozart wanted the Board to furnish him with a two hundred fifty dollar violin.

According to an act of Congress, the federal board is permitted to furnish necessary instruments to complete a musical education but they find it impossible to meet demands for grand pianos, thousand dollar harps and two hundred fifty dollar violins.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

LONG DISTANCE AIR FLIGHT RECORD MADE

Capt. Rosa Smith, British Aviator, Flies From London to Australia, Total of 12,000 Miles

MAY GET \$50,000 IN PRIZES

(By United Press.)

London, Dec. 10.—Capt. Rosa Smith, British aviator, completed the first flight from London to Australia. He landed at Port Darwin in the northern territory of southern Australia, according to a message received here.

"All's well," Smith said.

Smith's flight constitutes one of the most remarkable flights of aviation. He started November 12 on his flight across Europe to India and then over the Mayo Islands toward his destination, the complete distance being 12,000 miles.

He probably will be awarded the \$40,000 prize offered by Australia and the \$10,000 prize offered by a London newspaper.

Appropriate Gifts

Of Special Merit for Women and Girls

The things that women appreciate above everything else are the practical gifts for everyday use—things that the recipient would buy for herself.

And then, too, you raise her opinion of you just another bit higher when you present her with something practical and sensible—something she would buy for herself.

Everytime she wears the Scarf, the Waist or the Sweater or the Coat, or the Furs, or the Hose, or the Dress, or the Gloves which you gave her, she thinks of you. Everytime some friend speaks a word of admiration for the gift you made her, it brings a happy recollection of you.

Every time she sees the ornamental, perhaps, but unuseful gift of someone else, she unconsciously remembers you for your practical, useful and sensible gift of something to wear.

So, when you select a present for "her" remember, women are practical. They cherish the memory of a practical, useful gift, but soon forget the opposite kind.

And make your gift to "her" something she will really like better than all the presents she receives—let it be something she can wear.

And don't lose sight of the fact that women instinctively know that anything which bears this store's label is absolutely right in style and dependable in quality.

It will pay you to shop during the morning hours.

From Bad to Worse
Though the Mexican problem ap-
parently is as seriously as is possi-
ble for it to be without actual war,
the president has put an effective
stop to a resolution in the senate
providing for a break in relations.
The senate acquiesced, as it always
has done on the advice of the pres-
ident in such matters, and the Jen-
kins matter will probably be patched
up like the Huerta salute episode
and the Villa hunt were, with another
scar on this country's reputation.
The lamentable condition of af-
fairs in Mexico was emphasized even
more by the statements of Secretary
of State Lansing before the senate
foreign relations committee. Mr.
Lansing criticised the course of the
government in the past toward Mex-
ico. He described it as "supine." He
said among other things that the
only excuse that could be offered
was that a war with Germany was
impending and it was not considered
advisable to take on too much at
once.
The reflection of the secretary on
this government's Mexican policy,
together with his revelation that the
president had not been consulted
about it since his illness, have serv-
ed, if possible, to deepen the gen-
eral impression here that the rela-
tions of this nation to Mexico have
drifted into about as bad a tangle as
could be conceived of.
Heretofore, administration sena-
tors and officials have, with little
exception, defended or glossed over
what has been done or not done by
this government in reference to Mex-
ico. They evidently perceive that it
is useless or unwise to do this long-
er.
The criticism of the Mexican pol-
icy by Secretary Lansing, however,
has caused surprise. It seems to in-
dicate he has been out of sympathy
with the administration's course. It
is recalled that he was out of sym-

More to Come
The king of Spain wants to visit
the United States next year.
Ditto His Majesty of Italy.
The king and queen of the Bel-
gians have come, viewed, and gone.
Also ditto the prince of Wales.
We poor Americans are up against
it for a fact, and we might just as
well face the music and get it over
with.
Next year would be as good time
as any other. But let's economize
on this little element of time.
Why not lump them all together—
the kings of Spain, Italy, Sweden,
Norway, the emperor of Japan, the
presidents of France, and China, the
grand duchess of Luxembourg, the
czar of Bulgaria, and all of the les-
ser bedecked heads of foreign
lands?
Let's make it a grand sweep.
Bring them all over in a bunch, look
them over, let them size us up, toss a
few million verbal bouquets back
and forth, and then send them home
rejoicing in the fact that they have
seen the huts of the savages who

**HELD ON EVIDENCE OF
"MUDER FARM" BONES**
Rufus King to Stand Triple Mur-
der as Result of Unearthing 3
Skeletons
WERE FOUND ON HIS FARM
Lawrence, Kas., Dec. 10.—The fate
of Rufus King, held for trial in the
triple murder skeleton mystery, may
be decided on the basis of data re-
garding the supposed skeleton of
John Woody, alleged "murder farm"
victim, which has been prepared by
Hubert Shepard of the University
of Kansas department of anatomy.
King's trial is scheduled for the
March term of court at Lyndon,
Kas.
At the continuance, Shepard ap-
peared, ready to present what may
be deciding evidence, regarding age,
sex, height and nationality of the
supposed John Woody. The skeleton
was sent to the Kansas University
school of medicine, after being un-
earthed last August at Maple Hill,
Kas., on property formerly occupied
by King.
Two other skeletons unearthed on
property said to have been used by
King may be sent to the university
for identification. They are sup-
posed to be the bones of Reuben
Gutschall and William F. Ringer.

**KAISER MONUMENT
AMERICAN MEMORIAL**
Statue Erected in Honor of Wilhelm
in 1917 is Changed into an Allied
Monument
A NEW SENTENCE IS ADDED.
(By United Press.)
Tarnopol, Poland, (By Mail)—The
German monument erected in honor
of the kaiser's visit to Tarnopol in
1917 has been turned into an allied
memorial.
Instead of destroying the monu-
ment, as the Germans did with all
allied memorials, the Polish people
have simply added their inscription
to that of the Germans and turned
the monument into one of praise for
the allied forces.
During the occupation by the
German troops the huge monument
was erected, bearing the inscription,
"William II, Emperor of Germany
and King Prussia, stopped here on
July 28, 1917."
It was a division of Polish-Ameri-
cans, members of the French army,
that took the town for the Poles, and
they simply added this inscription,
"and on July 4, 1919, the Sixth Di-
vision of American Chasseurs en-
tered the town. They stayed."

Jazz music was pounding in Bea-

the box office. The bouncer, a husky

office. Cale's narrow wrist halted him
and he queried:
"Stranger, has you got a gun on

"Nope!" This came defiantly.
"Got a razor on you?"
"Ah got no razor!" He spat on the

**URGES PEOPLE TO FIGHT CATARRH
WITH SIMPLE HOME MADE REMEDY**
Can Make Pint at Home and Costs Little, Says Leading
Druggist of Covington, Ky., Who Has Made
Special Study of Catarrh.
**Says: Inflamed Nostrils
Invite Influenza**
People who say that catarrh is
a disease not to be taken serious-
ly are harshly rebuked by a Ken-
tucky druggist who has for years
been much interested in the
growth of this loathsome, yet al-
together too common disease.
He claims that the sore, tender,
inflamed membrane of the nos-
trils and throat is a prolific
breeding ground for germs—not
only the germs of influenza, but
many other kinds as well.
If people would only stop ex-
perimenting for two weeks and
try a simple remedy made of
Menthholized Arcine mixed with
enough boiled water to make a
full pint, half of the catarrh in
this country would be abolished.
It's really no joke for people
who don't know about this simple
recipe to be constantly sniffing
and snuffing, blowing and hawk-
ing, when all these obnoxious
symptoms as well as the foul dis-
charge can be made to disappear
in a few days.
Ask for three-quarters of an
ounce of Menthholized Arcine—
that's all you need and after you
have mixed it with enough boiled
water to make a pint, gargle the
throat twice daily and snuff or
spray some up the nostrils, as di-
rected.
The tender nostrils will soon
lose their soreness, heal up, and be
clean and healthy.
Important Reminder: Just as
soon as anyone in the family gets
a cold in the head, check it at once
with this same medicine.

Amusements

"Glorious Lady" at the Princess

The "Glorious Lady," in which Olive Thomas, the charming Selznick star appears at the Princess theatre tonight, paints a vivid picture of English society life and tells the tale of a love that knew no barriers.

The opening "punch" in the play concerns a "point to point" race, the English equivalent of our Am-

erican steeplechase, in which the principal contenders are the Duke of Loame—Matt Moore in this part is as if to the manor-born—and Iris Benson, a charming peasant girl of ancient but plebeian lineage. In this role Miss Thomas has far exceeded any of her previous performances. Iris sacrifices her prospects of winning the race to save the Duke, who has been thrown from his horse and, in so doing, is herself injured. During the convalescence the Duke is a constant visitor and soon the flame of love burns brightly in both their hearts. But many obstacles stand between the young people and their happiness, chief among them being the Duke's mother a grande dame of the old school, whose god is Tradition.

How the barriers of tradition are overthrown and the lovers find ultimate happiness is shown in one of the finest stories of the star's career. Interest is sustained right to the very end when the play finishes with a novel and gripping climax.

2 SOCIETIES CONVEENE IN A JOINT SESSION

Indiana Historic Society and Patriotic Society Send Representatives to Meeting

FIRST CONFERENCE TONIGHT.

Indianapolis, Dec. 10.—Historic and patriotic societies of the state sent representatives to Indianapolis today to attend the joint meeting of the Indiana history conference and the Admission Day celebration of the Society of Indiana Pioneers. The Indiana Historical Commission also will open its meeting in conjunction with the other bodies.

The first meeting will open tonight. Two of the subjects to be placed before the persons attending will be how to place history before the public in a more interesting way and

how to bring about greater co-operation among the existing state historical agencies.

The conference will continue through tomorrow and will adjourn tomorrow evening.

DON'T PUT OFF

It's the neglected cold, cough, tender throat or tonsils, that debilitate and leave the body disposed to serious germ diseases.

JANES COLD TABLETS

The Mission band of the Little Flatrock Christian church will meet Sunday morning at eleven o'clock at the home of Mrs. D. D. Barber. The leader will be Miss Rema Mae Norris.

The Girls' Circle of the Flatrock Christian church met with Miss Ruby Stewart Saturday afternoon. Edna Bever was made a member of the Circle. After the business hour dainty refreshments were served by the hostess.

Miss Bertha Helm was hostess for the S. E. T. club yesterday afternoon at her home in West Fifth street. The afternoon was spent in a social way over various kinds of needlework. Refreshments were enjoyed at the close of the afternoon.

Miss Edna Bever was hostess for a prettily appointed dinner party Sunday evening. A French basket of pink roses and greenery formed the centerpiece for the table and covers were laid for Louise Sipe, Garrett Ricketts and Stanley Stewart.

The members of the O. N. T. club were entertained by Mrs. Susan McCollin yesterday afternoon at her home in North Morgan street. As this was the annual Christmas meeting, gifts were exchanged at this time. Dainty refreshments were served during the afternoon to the fourteen guests present.

The Sexton Missionary Society will hold its regular monthly meeting at the home of Mr. and Mrs. Orville Porter Friday evening, December 12. The husbands of the ladies will be guests at this meeting. Every member and their families are urged to be present as a good program has been arranged, it being in charge of Mrs. Earl Grubbs.

Mr. and Mrs. Henry Morelock entertained Sunday with a turkey dinner at their country home near Arlington. The guests were Mr. and Mrs. Robert Holt and daughter Gladys of Rushville, Mr. and Mrs. Henry Addison and daughters Grace and Bertha, Mr. and Mrs. Lawrence Price and son Lowell, Mr. and Mrs.

Earnest and baby, Mr. and Mrs. George Adams and John Stewart.

The Misses Elizabeth and Florine Geyer entertained the members of the Loyal Daughters' class of the Main Street Christian Sunday school last evening at their home in North Main street. At the business meeting plans were made to aid the poor children at Christmas time. Following the business session a course luncheon was served. The assisting hostesses were Miss Wanda Wyatt and Mrs. James Morris.

The home of Mr. and Mrs. A. B. Reynolds of Glenwood was the scene of a delightful affair Monday evening when they entertained with a surprise party in honor of the thirteenth birthday of their daughter Vera. About fifty friends were present. The evening was spent in contests, games and music and at a late hour dainty refreshments were served. The out-of-town guests were the Misses Naomi Nash and Mildred Cochran and Vernal Trennepohl of Rushville.

The December meeting of the Woman's Home Missionary Society of the St. Paul's M. E. church will be held tomorrow afternoon at 2:30 o'clock with Mrs. F. E. Wolcott, 605 North Harrison street, Mrs. E. B. Poundstone will have charge of the devotion. The subject for the afternoon, "Slavonic Work", will be discussed by Mrs. D. D. VanOsdol. A short Christmas program will be given by the W. H. M. S. quartet and the Misses Frances Lyons, Magdaline Arbuckle and Lavinna Compton. The entire membership is urged to be present.

The Rebekahs will meet Friday evening at 7:30 o'clock in their hall. Candidates will be received at this time. All the ladies are requested to take a pie and also a lantern in order to light the hall.

BEVERLY HAYES

Beverly Hayes says: "Buy Red Cross Christmas Seals. They protect little children from the ravages of tuberculosis. They build a barrier of health about the workers of the nation. They protect homes—your home. They spell hope, assurance and physical and economic rehabilitation to more than one million people in the United States who have tuberculosis. If you purchase enough Red Cross Christmas Seals, the death rate of this dread plague will be materially reduced. Last year 150,000 people fell victims of the disease. Twelve thousand of these were little children. Think of it! This death toll is needless. If we all do our part in the sale this year, next year's death rate will be small. It will be reduced year by year until eventually tuberculosis has passed to the oblivion which has already engulfed smallpox, leprosy and typhoid fever."

U.S. "LIBERALS" IN CONVENTION

St. Louis Scene of Four Day Meeting of Country's Liberalists, Including Well Known Men

POLITICAL QUESTION ISSUE.

May Decide Upon a Third Party for President or Will Affiliate With One of the Others

(By United Press.)

St. Louis, Dec. 10.—"Liberals" of the United States were in a four-day conference here to-day to determine their action in the coming presidential campaign.

Whether a third political party, pledged to policies of liberalism is formed or an alliance with one of the existing organizations effected will be decided.

Amalgamation of the National Labor Party, Non-Partisan League, and Farmers' National Council with the Committee of Forty-eight, forming a body of more than a million voters at the outset, was seen as a possibility.

The conference opening was called by the "Committee of Forty-eight" with headquarters in New York and said to have representations in all states. It is in the form of a caucus, leaders declared at the opening. If a third party is choice of the liberal meeting a national convention to adopt a platform and put up presidential and national candidates will be held within the next three months.

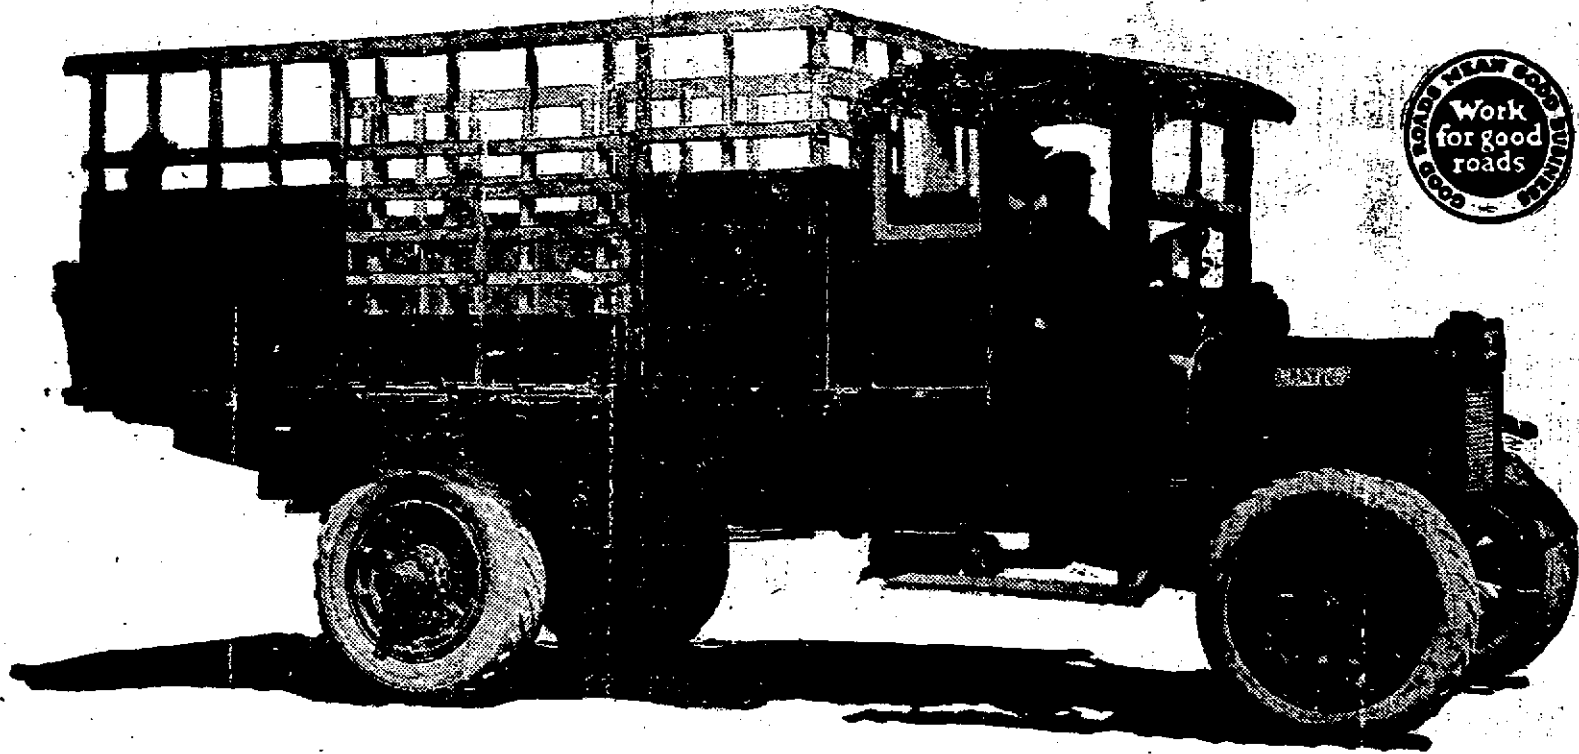

Men widely known in America's political life, are today to attend the caucus included: Clifford Pinchot, Bradley Felt Malone, Bishop Williams of Detroit, Prof. Tyrell Williams, Scott Nearing and others. Nearly 600 persons representing every state attended the opening session.

Internal and foreign problems of the government will be considered by the caucus.

A definite stand on the negro question will be taken, officials predicted. Howard R. Williams, of New York City, vice-chairman of the Committee of Forty-eight, likened the negro problem in America to England's Irish question and said it was now necessary to take some positive step. Stringent enforcement of laws against lynching and legislation for their protection, probably will be advocated, it was anticipated by Williams.

"Another question to come up", said Williams, "will be adult education. Some believe a secretary of education with portfolio is necessary, augmented by schools throughout the country for adults. There would be no attempt at compulsory education for grown-ups, but the advantages would be offered".

Other questions to be considered by the caucus are: Initiative and referendum; recall applied to state and federal officials; an executive budget; a cabinet responsible to the legislative branch of the government; proportional representation; free press, speech and assembly; national suffrage; "continuation of absolute control of foreign relations by the president"; abolition of secret diplomacy; espionage laws; limitation of power of the courts; income and inheritance taxes to raise revenue and equalize distribution of wealth; government ownership of railroads and public utilities; under government control; the Plumb plan; protective tariff; enforcement of the Sherman law; government control and ownership of "recognized monopolies"; immigration; super taxes on profits to meet the high cost of living and profiteering and compulsory training.

Complete Cost Saving Service for Truck Owners

Our service is based upon three fundamental things which affect trucking costs:

1. Selection of Tires
2. Application
3. Inspection and Care

We analyze your loads, your roads and your work, and determine accurately the proper type and size of tire needed. We sell Goodyear Solid Tires, Goodyear Cushion Tires and Goodyear Pneumatic Cord Truck Tires because we believe in their quality and know they do wear a long time.

Then the tires are applied according to a carefully worked out method which means absolute accuracy as well as speed and safety. We have ample parking space, a big hydraulic press, capable workmen and well equipped work shop. Arrange-

ments can be made, if desired, to do the work at night or on Sunday to save layup.

After the tires are in use we inspect them for you at regular intervals. Tires need care just like the engine and we know of many ways to help you prevent tire trouble and consequent loss. Our men make regular reports to you of each tire's condition and watch for signs of driving abuse.

This service does keep truck costs down. It does give you better cartage results. So let us send a man—an expert—who can go over your trucking problems with you and explain further the savings we can effect.

PLAN MADE FOR NEW BARRACKS

Government Approves Specifications for Rebuilding Barracks at Leavenworth Prison

8 MILLION DOLLAR PROJECT

Prison Labor Will Construct New Building, Grouping all Departments Under One Roof

Leavenworth, Kansas, Dec. 5.—A new disciplinary barracks rebuilt by prison labor, forms an eight million dollar project for Leavenworth. Plans for it have been approved by the war department and construction is now under way. With the single exception of the cellhouse, every building comprising the present barracks will be razed.

Grouping all departments of the institution under one roof, the single building to be erected in sections by prison labor, involves a scheme of building to be stretched over a period of from six to eight years. On account of fluctuating numbers of prisoners available, however, no accurate estimate can be made of the date of completion. At present inmates of the barracks number about 1,800.

The United States disciplinary barracks is almost an institution of Civil war days. Some of the present buildings were erected between 1865 and 1877. Other additions were made as required when new branches necessitated a broadening out of institution buildings.

The new structure will have a maximum frontage of 668 feet, a maximum depth of 386 feet and will be seven stories in height at the peak. With the exception of steel materials of construction—concrete, stone, brick, etc., will be made within the barracks. Rock quarries, lime kilns and brick plants are easily accessible, being located on the Fort Leavenworth reservation, within a mile of the barracks.

A farm colony, stone quarry, machine shops, clothing shops and factories—additions made since establishment of the barracks—are to be housed in the new building. Administration offices, guard quarters, hos-

pital, store rooms, factories and machine shops also will find a place under the same roof.

Architectural plans call for a distinctive plainness. Inner courts are to be so arranged, however, so that every room will have windows on the outside or on a court. A sufficient portion of the new building will be erected to house one department, before the present building used by that department is torn down.

The United States disciplinary barracks is a separate institution from the federal prison located here.

Major William Blanchard, as constructing quartermaster of the barracks is in direct charge of the construction work. Preliminary plans were launched under the administration of Col. Sedgwick E. Rice, former commandant. They are being forwarded by Maj. Gen. J. H. McKee, present commandant of the barracks.

The disciplinary barracks at Fort Leavenworth is by far the largest of three federal military prisons. It outranks the prison located on Governor's Island, New York, and that at Alcatraz Island, California.

Intestinal & Stomach Worms

are the most common of hogs and pigs and they multiply very fast. It is easy to tell the pig that is loaded with worms. The hair is rough, has little or no appetite, coughs more or less and goes backward every day. Thousands of pigs and hogs die from worms every year. This can all be prevented by feeding ACME WORM BOUNCER from birth to maturity.

Illinois Doctor Prescribes It

Says He Has Never Known Medicine To Produce Results Like Tanlac

B. H. Elder, M. D., with offices at 419 Schradzki Building, Peoria, Illinois, comes out with his unqualified endorsement of Tanlac.

Dr. Elder graduated from Butler University of Indianapolis, Ind., later took a post graduate course at Rush College, Chicago, and has also studied abroad.

He has been in active practice over forty years—twenty-five years in Peoria—and is one of the best known physicians of that city.

"So far as my knowledge goes," said Dr. Elder, in an interview recently, "medical science has never produced a medicine that brings results like Tanlac. It is altogether too good to keep from suffering humanity and I have been prescribing it in my practice for some time with remarkable results."

"For years I had suffered from stomach trouble and rheumatism and had devoted my best thought trying to find relief, but to no avail. Right after eating, gas would form in my stomach and affect my heart, causing poor circulation, cold hands and feet, dizzy spells, spots before my eyes, peculiar feelings, terrible headaches, and cramps in my stomach. The rheumatism was the kind that is caused by uric acid deposits in the blood, which find their way into the joints and the pain was so great I could hardly stand to move my legs and arms."

"So, it's no surprise that I devoted lots of time and thought, using all my powers, trying to free myself of these troubles. But nothing I ever found until I got Tanlac afforded me more than a little temporary relief. And here is how I found out the powers of Tanlac: I had a patient who had suffered for years with the same kind of troubles and while I did all I could for him, the same as for myself, he failed to improve any. Well, this party came to my office one day, after having been away for about six months, and I never in all my life saw a man look in better health or seem to feel better. While sitting there in my office he told me Tanlac was what brought about the wonderful change. I could not doubt it, for I knew what an awful condition he had been in, and I made up my mind then and there to try Tanlac in my own case. So I did and the results are that a few bottles relieved me entirely of stomach trouble and rheumatism and all my other ailments as well. I am an extra hearty eater, especially of meats and such foods as often produce bad effects, but none of these things disagree with me any more. So now, as I have discovered the value of Tanlac I am ready to honor it as one of the most beneficial of all medicines. I have prescribed it, in cases of rheumatism, kidney and bladder disorders and a run down condition, with wonderful results. I feel that I ought, for the benefit of suffering humanity, to give my experience with Tanlac to the general public."

Tanlac is sold in Rushville by F. B. Johnson & Co.; in Milroy by Dallas Copper; in Manila by Geo. J. Titlow; and in Arlington by Mrs. L. T. Davis. (Adv.)

Prominent Indiana Women Testify

Lafayette, Ind. — "Dr. Pierce's Favorite Prescription is truly a 'boon' for women. Last summer I just felt down and out, was terribly run-down, at times, and had very little energy to do my household work. My husband was quite concerned about me and one day brought me a bottle of Favorite Prescription. It is the finest medicine and tonic I have ever known. I would advise other women who suffer as I did to at least give it a trial."
— MRS. MYRTLE DILDEN, 1117 N. 10th St.

Woman When Dragged Down and Worn-out
Lafayette, Ind. — "When approaching middle life I suffered severely but one bottle of Dr. Pierce's Favorite Prescription completely relieved my pains and the critical time passed so easily that I was scarcely conscious of it. It is over fifteen years since I took that one bottle of Favorite Prescription and I have never had the least sign of weakness since. I think it the most wonderful medicine for women and would advise its use by all women at the critical time of life."
— MRS. S. J. BAKER, 916 Scott St.

Kokomo, Ind. — "Some time ago I felt 'draggy' and worn-out and greatly in need of a tonic when a friend suggested to me to try Dr. Pierce's Favorite Prescription. I had taken other tonics but I never took anything that helped me so quickly as the 'Favorite Prescription.' It was not an unpleasant medicine to take and my whole system seemed to be benefited. I have also used the 'Ladies Tablets' and found them to give me as perfect satisfaction."
— MRS. F. LA FOLLETTE, 110 W. Elm St.

Dr. Pierce's Favorite Prescription is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for the sickly, it's a tonic for the healthy. Weak women should try it now. Don't wait. Today is the day to begin.

Detroit Weatherproof All-Season Tops

You cannot get about in the traffic of city streets with as much ease and assurance if your car is equipped with clumsy, dirty side curtains. No other top on the market with a door that can be as quickly raised for signalling. The man behind appreciates this. In reasonable weather some drivers like to have the car all open. You can do this with a weatherproof, and have both vision and comfort. It takes but a minute to make the change. They are the lightest, most flexible, and sturdiest tops, weighing but little more than the folding top on your car.

FOOL PROOF

THE REASON WHY

When the Litchfield Company, the builders of "RUSHVILLE SPECIAL" Spreader, began making machinery way back in early history most any old thing that would stand on four wheels and follow the horses could "pass muster." Today things are different. In building the "RUSHVILLE SPECIAL" Spreader for us, this company has made it as near fool proof as possible, not because our customers are more in need of this kind of a machine than others, but because we WANT THE BEST.

About fifteen to twenty years ago any spreader that didn't break down more than two or three times a day was considered a pretty good machine, and a spreader that didn't need "doctoring" more than once a day was something to brag about. Today the "RUSHVILLE SPECIAL" Spreader is hardly living up to its reputation if anything happens to it for which it is at fault, once a year—possibly once in five years. We call this pretty near fool-proof.

It has been customary for dealers to lay in a good supply of repairs for the manure spreader they handle. When we took agency for the "RUSHVILLE SPECIAL" Spreader, our company advised that repairs would be promptly available, but that we would have very little business along this line. We have discovered the truth of this statement, as practically no repairs are needed.

You can't afford to delay. Now is the time to buy. Don't cheat yourself by cheating your farm when you fail to have the best service, the best spreader on earth can give it. Come in and let us prove to your satisfaction the truth of our assertions.

WORKS HARD TO AVERT FLU EPIDEMIC
Government and City Health Officials Warn People to Keep Clean.
Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.
Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.
People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.
The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply. He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days. Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.
Four three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.
Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.
Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

Women Need Swamp-Root
Thousands of women have kidney and bladder trouble and never suspect it.
Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.
If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.
Pains in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.
Don't delay starting treatment.
Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.
Get a medium or large size bottle immediately from any drug store.
However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Rushville Republican.—(Adv.)

Notice
I have re-opened my Lunch Room at 214 N. Morgan Street.
Call and give me a trial.

RED CROSS SEALS ARE HEALTH AGENTS
Idea Was Originated in This Country in 1908 by Miss Emily P. Bissell, of Wilmington, Del.
FIRST SALE YIELDED \$3,000
National Tuberculosis Association. Which Sponsors Sale, Will Place \$50,000,000 Seals on Sale to Finance the Fight Against Tuberculosis.

The Red Cross Seal—as millions of Americans know it to day, is an agent of happiness and health. It was originated in 1907 by Miss Emily P. Bissell, of Wilmington, Delaware, who learned through Jacob Ellis of somewhat similar seals that were sold in Norway for the purpose of raising funds with which to fight tuberculosis.
Miss Bissell persuaded the American Red Cross to take up the idea with the result that seals were sold in a limited number of communities in 1908. The sale yielded a revenue of approximately \$3,000. The Red Cross then decided to issue the seals each year and to turn the proceeds over to the National Tuberculosis Association and its affiliated societies for the purpose of financing the campaign against tuberculosis. The number of seals sold in America increased by leaps and bounds until in 1917 the total reached 180,000,000.
This year the seals are again on sale beginning December 1. More than half a billion seals have been printed for distribution to state and local agents. In addition to the seals "Health Bonds" in denominations ranging from \$5.00 to \$100.00 are to be sold in lieu of seals to large contributors, who do not send out a sufficient quantity of mail in December to make use of all the seals they would like to purchase. The combined quotas of all the state organizations call for more than \$6,500,000 to carry out the intensive educational campaign being conducted by the National Tuberculosis Association and its 1,000 affiliated societies.
The intensive sale of these seals represents a practical demonstration of every lesson that has been learned regarding scientific distribution. Experts of the highest standing in sales management have co-operated to the extent of assuring those interested that every resident of the United States will have an opportunity to buy Red Cross Christmas Seals.

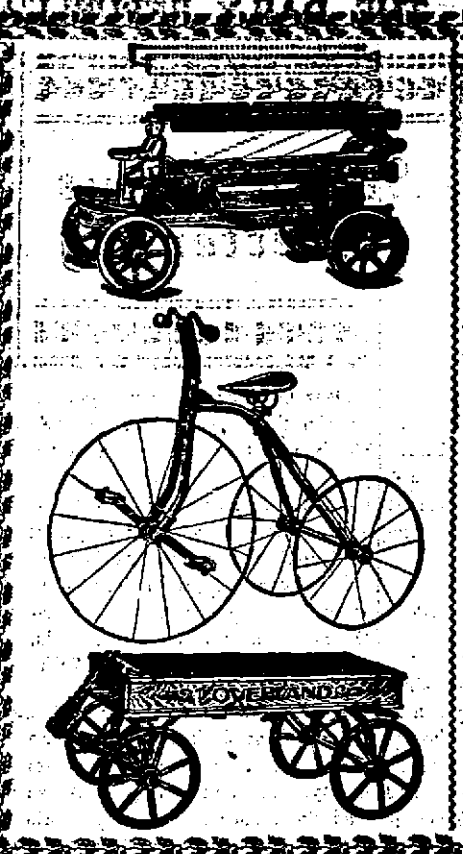

Dear Old Santa Claus: I am a boy eight years old. I want a rifle, a basketball and a train on track and also nuts candy and oranges and please don't forget my little brother Russell and my little cousin, Lowell Brown.
Your little friend,
WILLIAM EDWARD BROWN.
P. S. My address is New Salem, Ind., R. R. 2.

Dear Santa Claus: I am a good little boy I go to school every day and like to go I want you to bring me a story book, mackinaw, pair rubbers and an erector set and candy, oranges and nuts.
ORVILLE SAFEWRIGHT.
P. S. Don't forget my brother Fred. He wants a chest of tools

Dear Santa: I am a little boy four years old. I want a drum, horn, red-top boots, bicycle, and candy, nuts and oranges.
Your little friend,
JOHN GARTIN JR.
P. S. Don't forget Loyd and Vernon Gartin.
Dear Santa: I am a little boy six year old. I want a horn and drum and some candy, oranges and nuts.
Your little boy
ERNEST MANNING.

MUSTEROLE—QUICK RELIEF! NO-BLISTER!
It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting.
Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bather with a cloth. You simply rub it on and usually the pain is gone!
Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).
30c and 60c jars, hospital size \$2.50.

Have a Good Appetite

By Taking Vinol

It increases the appetite, aids digestion, transforms food into red blood corpuscles, muscular tissue, brain and nerve force, thus replacing weakness, nervousness and lassitude with strength and vigor.

Proof That There is Nothing Like Vinol

Scranton, Pa. — "I used Vinol for general weakness, poor appetite and loss of strength and flesh. At times I was simply too weak to work. Within ten days after taking Vinol I could see an improvement. It gave me a splendid appetite, I have gained in flesh and feel stronger in every way." — Mrs. L. A. MEANS.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol. Your money will be returned if Vinol fails.

3RD NUMBER AT NEW SALEM

J. Vincent Coombs, Lecturer, Appears There Friday Night

J. Vincent Coombs, a well known lecturer will appear at New Salem Friday night as the third number on the lyceum course. The lecturer comes very highly recommended and one of the best numbers of the course is expected. The number Friday night will be given in the auditorium of the New Salem school building at eight o'clock.

REVIVAL WELL ATTENDED

The revival meeting in progress at the Church of God, corner of Ninth and Oliver streets, is well attended each evening, and many phases of the doctrine of the gospels are being discussed each evening. Evangelist F. M. Roberts of Anderson preached an excellent sermon, "A Perfect Salvation" last night. His subject for tonight will be "The Awful Sin" and the public is cordially invited to attend the meetings.

LABOR UNIONS VOTE TODAY

Illinois' Organized Workers Hold Annual Election in State

Springfield, Ill., Dec. 10—Upwards of two hundred thousand organized workers in Illinois Tuesday voted for state officers of the Illinois Federation of Labor for the coming year.

The election was by a statewide referendum and each local union will send its returns to state headquarters at Chicago. It will take several days for the official tellers to complete the count.

Duncan McDonald of Springfield and John Walker of Danville made the race for presidency.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Aroline and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

is the dentifrice that contains the properties recommended as ideal by United States Army dental surgeons.

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a word of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, so can easily get it for you. Seven a day for seven days—Wonderful results.

Buy Beaver Board that is BEAVER BOARD

You want better walls and ceilings, in your new home, in present waste space, or to replace cracked plaster and dingy wallpaper. So you ask for Beaver Board, the original wallboard, that has been building better walls and ceilings for a dozen years.

But do you know that inferior wallboards are often sold as Beaver Board? They may look like Beaver Board, feel like Beaver Board, and even claim to be as good as Beaver Board.

But they can't give Beaver Board results. Be sure to get what you ask for. The Beaver trademark on the back of every panel of genuine Beaver Board is there for your protection. Look for it.

APPEAL MADE FOR ARMENIAN RELIEF

During Xmas Holidays Urgent Appeals Will be Made For Money For Distressed People

COUNTRY BADLY IN NEED OF IT

People Returning From Armenia Say That The Country is in a Deplorable State

An appeal to the people of Indiana as well as to the entire nation, is to be made during these Christmas holidays to meet the cry of distress from the people of Armenia, according to a statement from state headquarters of the Near East Relief committee, formerly the committee on Armenian and Syrian Relief.

A letter containing an appeal from starving Armenian children is to be placed in the hands of every Sunday School pupil in the state. The boys and girls of Indiana are asked to respond to this wail of distress from broken hearts and bodies in the old Bible lands. The women of the state are going to be asked to help mother the Armenian orphans of which there are said to be about 250,000, at present uncared for. Mrs. C. E. Rumpel, leading club woman of the state, is chairman of the women's division in the big movement that is expected to sweep the Hoosier commonwealth.

Men and women of national name who have recently returned from Armenia say that the failure of the peace treaty has left the people of the near east in a most deplorable situation. At a conference of national and state workers in the movement, recently held in Indianapolis plans were laid for the Christmas drive which is to supplement a later campaign which probably may have to be made. It is Indiana's part to take care of 3,500 Armenian orphans this winter, according to quotas announced from state headquarters.

"Every man, every woman, every child must do their part and do it quick," is the call. The national organization on near east relief estimates that \$5 a month will feed an Armenian child. Ten dollars a month with clothes, feed and shelter the child. Fifteen dollars a month will not only keep the child in food and clothes but will educate it.

At a recent conference at state headquarters of Near East relief, Bishop H. H. Fout, of Indiana, who investigated Armenian conditions as a member of the American Sunday school Commission, declared that only America can save the Armenian people from destruction. Herbert Hoover, now a member of the national Near East committee, is quoted as saying, "The Armenian situation is the worst in the world." It is planned to extend the relief work to every county in Indiana.

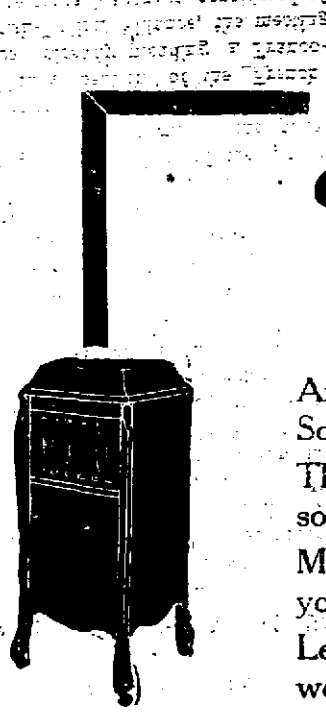

CHECK THAT COLD RIGHT AWAY

Dr. King's New Discovery has relieved colds and coughs for fifty years

It was an unusually high quality cold, cough, gripe, and croup remedy when introduced half a century ago. Not once in all the years since then has the quality been allowed to deteriorate. Its effectiveness in combating colds and coughs has been proved thousands of times in thousands of families. Taken by grownups and given to the little ones for the safe, sure treatment of colds and gripe, coughs and croup, it leaves absolutely no disagreeable after-effects. NEW IRRIGATION FARM WILL BE EXHIBITED

50-Acre Model of Latest Type of Horticulture Will be Main Feature at Annual Show

TO BE AN UNUSUAL EXHIBIT

(By United Press.)

Melbourne, (By Mail).—One of the most unusual exhibits ever offered in an agricultural show will be the 50 acre model irrigation farm to be featured at the Royal Agricultural society's show soon.

The whole design planned by R. W. Harvis, a member of the water commission, will be put into execution by government officers. The site for the farm has already been chosen, and upon it will be shown the methods of watering crops and trees and the practices generally adopted in irrigation districts.

Land has been subdivided, channelled and graded in a manner suitable for horticulture and mixed farming, embracing dairying, lucerne-growing, pig and poultry raising, and the production of vegetables and fruits. Water will be measured by a new registering wheelmeter. special buildings will also be constructed upon the site.

SEE RESUMPTION OF THE OLD DIPLOMACY

Observers Comment on Secret Meeting of British, French and Italian Leaders in London.

ADRIATIC QUESTION IS UP

(By United Press.)

London, Dec 10.—Political observers here today say that in the conference between Europe's "Big Three," Premier Lloyd George and Clemenceau and Foreign Minister S. C. Iaioia, a resumption of the old diplomacy of secret conclave and alliances will be resumed.

The Italian foreign minister arrived here Monday and was scheduled to meet Lloyd George Tuesday afternoon. In the conference of the three today, the Adriatic situation and other problems brought about by the failure of the United States senate to ratify the peace treaty was to be discussed.

With a section of the French press already pleading a Franco-British-Italian alliance, the meeting of the three leaders is considered of great importance.

Jesse French

You've heard piano players—good, bad and indifferent, but nothing better than the

Jesse French Player Piano

It is so thoroughly enjoyable to a lover of music as a beautiful composition artistically rendered. Nothing is quite so distressing to the sensibilities as discordant notes and expressionless drumming. Everyone and anyone can faithfully produce the composer's genius and the artist's touch on one of these piano-players. A child or a novice can perform with a master's execution. Then, too, one of these fine instruments is a wonderful decoration to the home—a Christmas gift of enduring pleasure, entertainment and luxury.

Preserves of the Better Kind

If you were disappointed during the preserving season and did not do the usual amount of preserving on account of the sugar shortage, just remember that we are prepared to supply you every need of this kind, and at a price to suit your pocketbook. If you want the very best try our Ferndell brands. You can't can anything in your home better or cheaper than these. We have preserves and jellies that are less expensive than Ferndell and are just as wholesome. They are cheaper because apple juice is used as a part filler instead of the more expensive fruits.
